

# P1AT-18FF-67G2W-10

RF Attenuator, 1.85mm Female to 1.85mm Female, DC to 67 GHz, 6 dB, 2 Watt. VSWR 1.30 max.

## Product Features

P1AT-18FF-67G2W-10 is a precision high frequency RF attenuator, 1.85mm Female to 1.85mm Female.

Attenuation is 10 dB. Frequency is DC to 67 GHz with a max VSWR 1.30.

Power handling is 2 Watt.

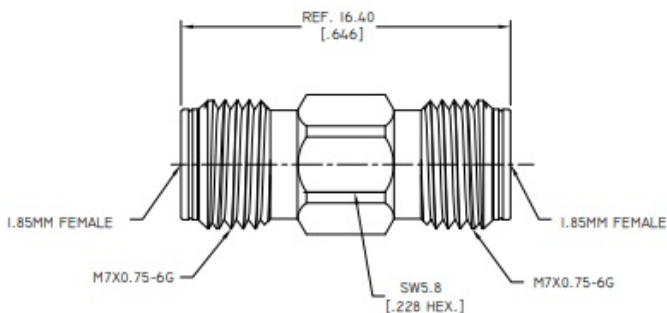

Electrical Specification:  $T_{\text{Ambient}} = 25^{\circ}\text{C}$

| Parameter       | Frequency Range | Units | Min | Typical | Max | Notes |
|-----------------|-----------------|-------|-----|---------|-----|-------|
| Frequency Range |                 | GHz   | DC  |         | 67  |       |

Mechanical And Environmental Specifications:

| Parameter       | Description   | Notes |
|-----------------|---------------|-------|
| Connector 1     | 1.85mm Female |       |
| Connector 2     | 1.85mm Female |       |
| RoHS Compliance | Yes           |       |
