

P1AT-24MF-50G2W-6

RF Attenuator, 2.4mm Male to 2.4mm Female, 50 GHz, 6 dB, 2 Watt. VSWR 1.30 max
DC to 50 GHz.

Product Features

P1AT-24MF-50G2W-06 is a 50 Ohm RF attenuator, 2.4mm male to 2.4mm female. Frequency is DC to 50 GHz with a 1.30 max VSWR.

The attenuation value is 6 dB fixed and power rating is 2 Watts max.

Body material is passivated stainless steel.

Electrical Specification: $T_{\text{Ambient}} = 25^{\circ}\text{C}$

| Parameter | Frequency Range | Units | Min | Typical | Max | Notes |
|-----------------|-----------------|-------|-----|---------|------|-------|
| Frequency Range | | GHz | DC | | 50.0 | |

Mechanical And Environmental Specifications:

| Parameter | Description | Notes |
|-----------------|--------------|-------|
| Connector 1 | 2.4mm Male | |
| Connector 2 | 2.4mm Female | |
| RoHS Compliance | Yes | |
