P1CA-SMFTSMFT-F090-6

RF flexible cable assembly, SMPM-T female straight to SMPM-T female straight, 0.090 inch flexible coaxial cable, 6 inch. Frequency DC to 40 GHz.

Product Features

RF flexible cable assembly, SMPM-T female straight to SMPM-T female straight, 0.090 inch flexible coaxial cable, 6 inch.

Frequency DC to 40 GHz. VSWR 1.40 max.

P1dB's F090 cable is a flexible 50 Ohm cable with an outer diameter of 0.090 inch (2.3mm). The cable is constructed with low density dielectric (LD PTFE) for low loss at microwave frequencies. Bend radius is 0.6 inch (15mm). The cable has 2 shield layers for Effective Shielding>90dB.

Mechanical And Environmental Specifications:

Parameter	Description	Notes
Connector 1	SMPM-T female	
Connector 2	SMPM-T female	
Length	6.0	
RoHS Compliance	Yes
